## STAIN – PIGMENTED WAX

(See also the Allback Concise Handbook and Videos on our website)

Water-resistant

**Suitable for wooden floors, furniture and varnished wood.**

**It can also be used together with the Linus interior paint. (See Linus instructions)**

For wooden floors and furniture:

- Slightly wet the wood surface. Allow the surface to dry.
- Sand the surface lightly with 180 grit sandpaper until smooth.
- Vacuum the wood surface or wipe with a damp cloth.
- Apply the pigmented wax with a sponge<sup>1</sup> or a paint brush.
- Allow the wax to be absorbed into the wood.
- Wipe off any residual wax with a cloth.
- If the wood is very dry and not smooth enough, sand the surface with 240 grit sandpaper and repeat the application with the pigmented wax or clear wax if you are satisfied with the colour.

Drying time:

- 24-48 HOURS
- After the surface is dry, buff with a dry soft rag or sponge.

Varnished wood surfaces

- Apply the pigmented wax with a sponge or brush.
- Allow the wax to be absorbed into the wood.
- Wipe off any residual wax with a cloth.

*Test the pigmented wax on a small area first.*

---

<sup>1</sup> Cloths and rags soaked in linseed oil can spontaneously combust. Please soak in water before disposal in outside waste.
